

## Electric Vault Replacement

More reliability and peace of mind. Today and tomorrow.

Your electric vault is key to providing your building with safe and reliable electricity. With an average life expectancy of 40 years, however, many vaults installed in the '80s or earlier could now pose a major risk to both safety and power supply.

### Why replace your vault?

#### Safeguard your building

Reduce the risk of prolonged power outages, as well as repair or replacement costs.

#### Plan for tomorrow

Adapt to increasing electricity demands from future loads like electric vehicle charging.

#### Optimize efficiencies

Enhance reliability with modern, low-maintenance, longer-lasting technology.

### Why work with Enviri?

#### Trusted experts

As a member of the Hydro Ottawa Group of Companies, we've designed innovative energy solutions for decades, with deep expertise in high-voltage equipment and electric vault infrastructure.

#### Committed to quality

We adhere to the highest standards of safety and reliability. Our long-standing relationships with local contractors ensure quality from start to finish.

#### Fully transparent

We value partnerships, not transactions, which is why we're clear with our clients on project details, challenges, and costs.

#### One point of contact

Our strong technical expertise is bolstered by certified project managers. We oversee every aspect of the job, so you don't have to.

#### Technology agnostic

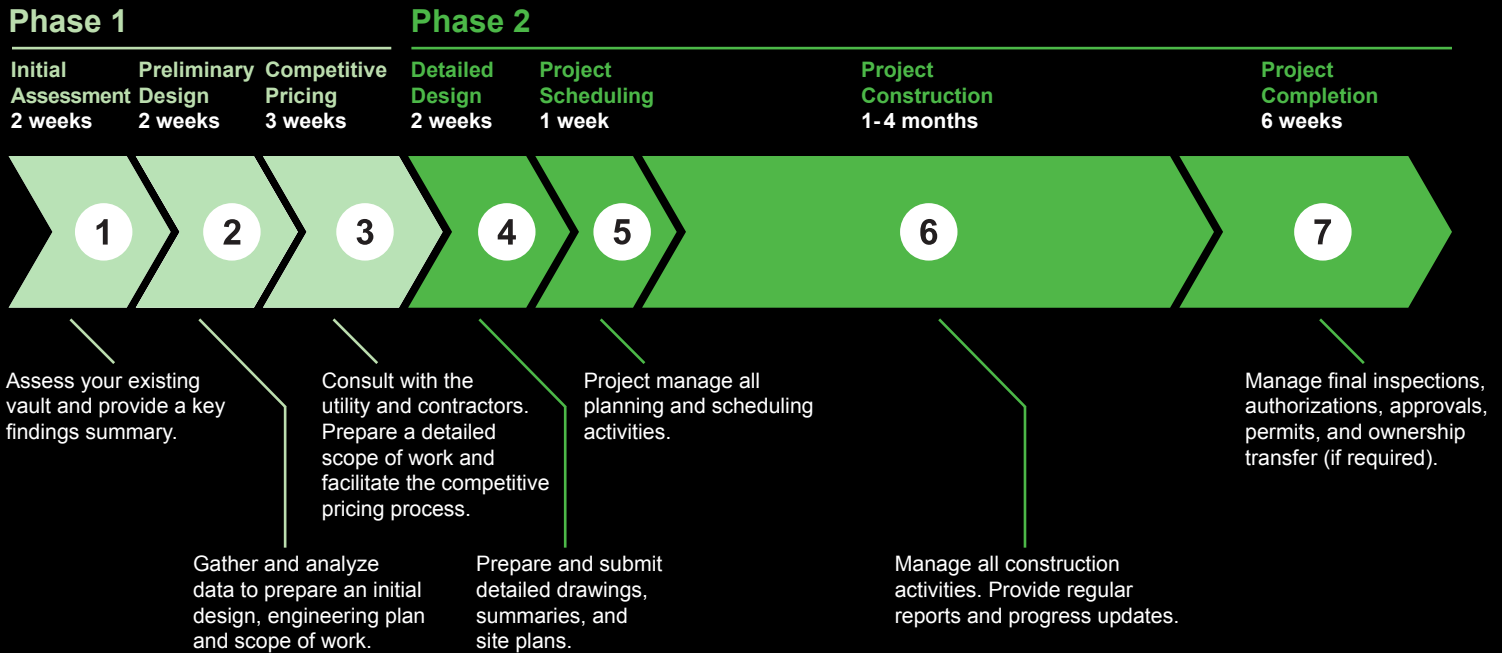

Our product recommendations are unbiased. We focus on finding the best-fit, best-value solution every time.

#### Flexible pricing

We know that no two businesses are alike, which is why we offer a variety of pricing options to suit your needs.

# 7 Step Vault Replacement\*

Typical project timeline: 5 - 8 months

\*Example of a typical timeline.

## Flexible pricing

We understand that your business is unique. So are your needs. That's why we offer a variety of pricing options.

### Two-Phase Pricing

Are you looking for design and engineering work only?  
Are you looking for construction services?  
We can provide separate pricing options.

### End-to-End Pricing

Our team will manage and oversee all aspects of the project, from concept to completion.  
Any additional costs incurred beyond the initial scope will be communicated with transparency.

### Fixed Pricing

Our team will manage and oversee all aspects of the project, from concept to completion, and guarantee the total cost.  
This provides you with the peace of mind to better plan and budget with certainty.

Let's power forward together.
